of Chanel and
Stuart Weitzman*

SUPPLIES:

- Fabric-covered shoes*
- Professional Touch® HotFix Applicator with appropriate tips (included)
- CraftSafe® Crystals in your choice of color(s) in 4mm and 3mm sizes

Our shoes feature the color Aquamarine. For photographic purposes we used 3mm and 5mm sizes.

- One rubber band

**If leather or plastic shoes are used
test first in an inconspicuous place.*

*Surface may be sanded to give
more tooth.*

INSTRUCTIONS:

Start by placing the rubber band evenly across the top of the toe. This straight line will be your starting point.

Using Kandi's Professional Touch® HotFix Applicator affix a row of crystals against the rubberband all the way across. Continue to the toe.

Use the 4mm crystals first, filling any gaps later with the 3mm crystals.
